

THE HUMMINGBIRD

"The Daly Review":

We are off to a good start and swimming along through the interwebs. This semester is so much stronger already compared to the start of last semester. We worked through the process and the bugs with the students last fall in order to make this spring semester even smoother. Recordings of our finale, "Rejoice and Sing," are already under way so that we can do our drone video of this song for our Spring Concert.

The LPVs are getting in touch with their inner Cowboy/Cowgirl while singing songs about the "Cumberland Gap". Mrs. Im is getting fancy with her DBs and BC2s with drums and body percussion! And I, Mrs. Daly, am throwing my own birthday party with the BC1s this Tuesday to create homemade instruments for the percussive section of their song in Portuguese, "Samba Lele". Next, we will learn some Samba moves!

Plans and preparations are already starting to form for the 2021-2022 Chorus Season. More and more colleges, community groups, and schools are singing in person again and we are closely monitoring their progress. It is our intent and hope to be singing in person starting this fall in the safest way possible. This will mean large spaces, proper social distance, masks on, possibly a "turtle mask" insert to keep the mask out of your mouth while inhaling, and singing outdoors whenever possible. The fog is lifting and we are starting to see glimmers of hope!

Chorus Modulations 2021-2022:

We are already thinking into the future and we want you all to know that we have decided to open our LPV choir auditions to 1st Grade students! This means that LPVs will be 1st-3rd Grade, DBs will be 4th-6th Grade, and BCs will consist of 7th-12th Grade students starting next Season. We believe that these age groups have similar levels of maturity, talent, and interests. Please begin talking to your friends and neighbors about our chorus. Send them our concert YouTube link and advocate the importance of what singing does for your child, and help us promote our music education!
