

THE HUMMINGBIRD

“The Daly Review”:

March 27th's Drone Video Taping Event from 3-4pm is just next weekend (Rain Date is March 28th)! Chorus Members should come in their Red Polos, Blue Jeans, and Sneakers for this event. Be sure to wear a mask that can easily pop on and off as we have our masks on to prepare the video, then quickly take them off to lip sing with the recording that will be playing on a speaker. Get ready to smile A LOT, and move/clap along to the beat! BC2s will remain from 4-5pm for more taping. DBs and BC2s will have one more drone video taping event on April 17th!

It is hard to believe that we have 4 more Tuesdays left before our final rehearsal on April 13th. The following Tuesday, April 20th, will be our Materials Collection night where we will collect items from you that we handed out in the Fall. More details will come soon!

Plans and preparations are already starting to form for the 2021-2022 Chorus Season. More and more colleges, community groups, and schools are singing in person again and we are closely monitoring their progress. It is our intent and hope to be singing in person starting this fall in the safest way possible. This will mean large spaces, proper social distance, masks on, possibly a “turtle mask” insert to keep the mask out of your mouth while inhaling, and singing outdoors whenever possible. The fog is lifting and we are starting to see glimmers of hope!

Chorus Modulations 2021-2022:

We are already thinking into the future and we want you all to know that we have decided to open our LPV choir auditions to 1st Grade students! This means that LPVs will be 1st-3rd Grade, DBs will be 4th-6th Grade, and BCs will consist of 7th-12th Grade students starting next Season. We believe that these age groups have similar levels of maturity, talent, and interests. Please begin talking to your friends and neighbors about our chorus. Send them our concert YouTube link and advocate the importance of what singing does for your child, and help us promote our music education!

Many have asked about their **bill** for Chorus.

Please take a moment to look in your spam folder for the email: mailer@waveapps.com.

If you are not able to find the bill, please email our Executive Director,

jmathias@carrollcommunityfoundation.org.

BC2 Special Guest Spotlight:

BC2s were visited by Rusty Nowrocki who explained to the BC2s what it is like to be deaf and the process of communication through American Sign Language. One BC2 Member shared thanks, “Thank you for coming to our rehearsal. It was very interesting to learn more about deaf culture and I think that what I learned will help me sign better as I sing.”
