

# THE HUMMINGBIRD

## "The Daly Review":

I would like to begin this Review with a sincere "Thank You" to our Team!

**Parents**, you have trusted us with your children allowing music to take place in person. You adjusted beautifully to our new sign in/sign out process and you have accepted our protocols with trust. For this, we are extremely grateful!

**Choir Coordinators**, you have adjusted to and embraced our protocols to help our choirs and staff remain healthy. Thank you for your constant communication with families and our Directors! These children couldn't make music without you too.

**Dianne Delgado**, our General Manager, has been working hard to get every child fitted into their formal and informal uniforms. I know that they will look phenomenal on October 16<sup>th</sup> for the photo!

**Jacie Mathias**, our Executive Director and Financial Manager, did a beautiful job finding us a donation of our new backpacks which were stuffed with many goodies for the students to enjoy this whole chorus season.

**Directors and Accompanists**, I would also like to thank you for making music with these children. Your expertise and musical guidance gives life to our choral experience. Thank you for your dedication and love for choral music!

## Photo Music Workshop:

**October 16:** This event allows our Directors and Chorus Members to grab one more rehearsal before our big concert in December. This also gives us an opportunity to take a beautiful picture of the Choirs in their Formal Uniform! All groups are to arrive at the Grace Lutheran Church in their Formal Uniform, mask, and toting their chorus bags. Students will either rehearse right away or drop their things off at the Church first and then head straight to their photoshoot. Our photographer, Directors, and Accompanists will be masked and walking each group to a well-known section of Westminster, MD.

## October 30<sup>th</sup> Chipotle Chorus Fundraiser!

## Join our MJs!

MJs are still accepting students to participate in our Musique Joyeuse class! This class occurs from 5:15-6pm every Tuesday under the direction of Mr. Joe Meerdter. This class helps students to work on matching pitch, the beginning stages of singing within an ensemble, and involves many kinder instruments. Please register today on our website!
